- Scaffold students into writing well
- Engage students while reading
- Teach active listening skills

ACADEMIC VOCABULARY

Having a strong vocabulary base has never been more critical to prepare students for life.

GLOBAL OBJECTIVES

- Understand academic/social vocabulary
- Use the 4 components of vocab acquisition
- Promote language usage in the classroom.
- Teach vocabulary in all contexts

SCAFFOLDING TO SUCCESS

Teachers need to be able to break content down into manageable learning chunks for students.

GLOBAL OBJECTIVES

- Use the gradual release of responsibility
- Use 5 steps to scaffolding any lesson
- Adapt teaching based on students' needs
- Assess learning continuously

ENGAGING STUDENTS

These 6 strategies can be used to engage, encourage, and educate any student

GLOBAL OBJECTIVES

- Develop 6 strategies to engage students
- Scaffold students into achieving success
- Promote responsibility and autonomy
- Engage students in all language domains

SHELTERED INSTRUCTION

Sheltered Instruction uses Best Practices to set all students, including ELLs up for success.

GLOBAL OBJECTIVES

- Identify SIOP Objectives & components
- Design and Deliver effective SIOP lessons
- Develop SIOP strategies and techniques
- Achieve language & content area objectives

ICOACH - PEER COACHING

Creating learning communities promotes systemic and sustainable growth that empowers.

GLOBAL OBJECTIVES

- Create a success oriented community
- Understand what helps/hinders learning
- Promote positive teaching practices
- Empowers teachers develop key skills

ACADEMIC LISTENING IS ACTIVE LISTENING

Many students do not possess the academic listening skills. Likewise, many teachers struggle to promote active listening in the classroom. This PD gives teachers solid tools they can use to create active, academic listeners in their classrooms.
