

TESOL TRAINERS

A SCAFFOLD TO SUCCESS

Student B

I Follow the directions your partner gives you by drawing shapes in the space below:

When finished, Compare your picture with your partner & Answer the following questions:

- What's similar? What's different?
- What could you do to make it easier for your partner to draw what you have exactly?

II Turn your paper over and give your partner directions.

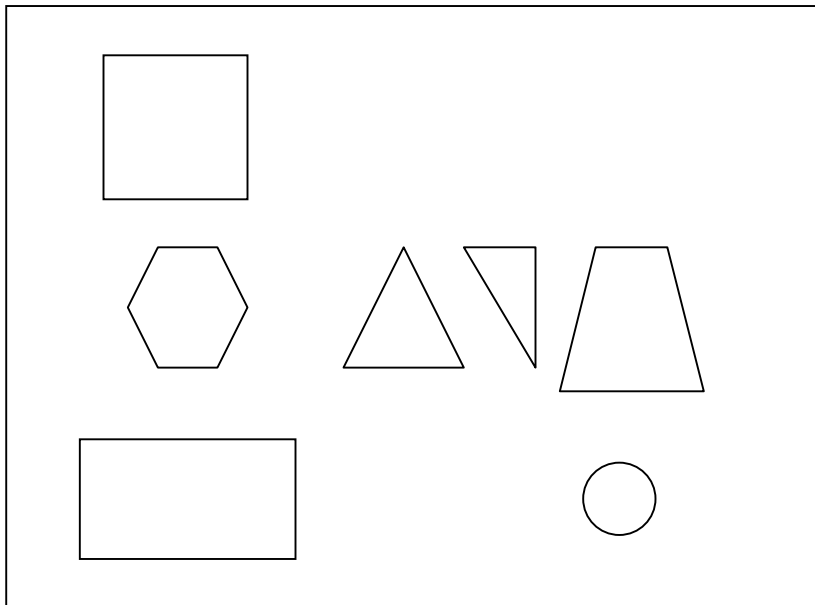

TESOL TRAINERS

A SCAFFOLD TO SUCCESS

III Give these directions to your partner:

1. In the middle of your grid, draw an **isosceles triangle**.
2. To the right of the **isosceles triangle**, draw a **trapezoid**.
3. Below the **trapezoid**, draw a **circle**.
4. To the left of the **isosceles triangle**, draw a **hexagon**.
5. Above the **hexagon**, draw a **square**.
6. Below the **hexagon**, draw a **rectangle**
7. Between the **isosceles triangle** and the **trapezoid**, draw a **right triangle**.
8. Compare your picture with your partner & Answer the following questions:
 - a. What's similar? What's different?
 - b. What could you do to make it easier for your partner to draw what you have exactly?
